

# Ease Overview

## Manage the modern workforce — Simplify administration so you can focus on benefits.

Smart. Flexible. Efficient. Together, BenefitMall and Ease deliver a comprehensive broker-friendly solution to help streamline benefits administration and online enrollment by combining innovative technology and individualized service tailored to your needs. We are empowering you and your clients to go digital, for faster enrollment, and the ability to manage and improve data quality.

Ease helps brokers take back hours in their day by providing step-by-step assistance for every aspect of online enrollment and benefits administration. Brokers are equipped with smart, intuitive technology and the people to assist them.

### **GROW YOUR BUSINESS**

Add and manage more clients than ever before with one, simple dashboard.

### **MODERNIZE YOUR WORKFLOW**

Help your clients process enrollments faster and streamline benefits administration.

### **SIMPLIFY GROUP ADMINISTRATION**

Generate custom reports for initial binder checks, reconciled billing, and more.

---

Why not simplify, and finally do administration with Ease?

---

# Ease is a simple technology solution, built on insurance DNA — For brokers by brokers.

## Why not simplify, and finally do administration with Ease?

### Save Countless Hours Spent Chasing Missing Employee Information!

- Follow up on incomplete applications with the click of a button.
- Prevent missing information on applications — including the minor details like spousal waivers!
- Reconcile invoices and enrollment with our consolidated billing report.
- Automatically calculate wage withholdings based on final enrollment for your clients' payroll department.

### Become the Only Solution Your Clients Need.

- Eliminate the confusion of HR by providing one single benefit administration platform to meet all their needs.
- Produce a competitive differentiator to help you attract and retain business.
- Ease will streamline their onboarding, enrollment, and benefits administration.
- Spanish language support.

### It Works for All Your Clients!

- Ease is flexible with your groups' various set ups, and will easily accommodate large, small, multi-location, class carve out, and different contributions, with a rules based system.
- You don't have to be a technical guru to figure it out. Our user friendly platform is designed for anybody to use, even when HR is manually helping employees through the process!

### Grow Your Book of Business.

- Attract new clients by introducing an easy yet effective solution.
- Engage and educate employees during the enrollment process, increasing enrollment and employee satisfaction.
- Offer voluntary benefits without the need for face to face enrollments.

### Get Started Today!

- No set up fees, no contracts, free training.
- Affordable pricing.
