

# Get COVID-Covered

A Concierge Solution to Keep your Employees and Customers Safe

 [WATCH PRESENTATION](#)

[www.kyla.com](http://www.kyla.com)

# Kyla's Complete Solution

## Nurse Tests Employees On-site Weekly

- FDA (EUA) approved diagnostic tests. Results in 24 hrs.
- New to market tests and vaccines will be administered as they become available

## App Monitors Symptoms and Vitals Daily

- Employee education on COVID & workplace safety for COVID prevention
- Daily symptoms & vitals checks
- Telemedicine access to doctors
- Infection contact tracing
- Clean Bill of Health from a Doctor to return to work
- Personalized Wellness Program to boost the immune system

## Doctors Manage Positive Cases to Recovery

- 20 medical centers + telemedicine = 500,000+ patients treated
- Thousands of COVID tests performed at the first drive-thru in Santa Clara County
- Already working with large national chains on testing

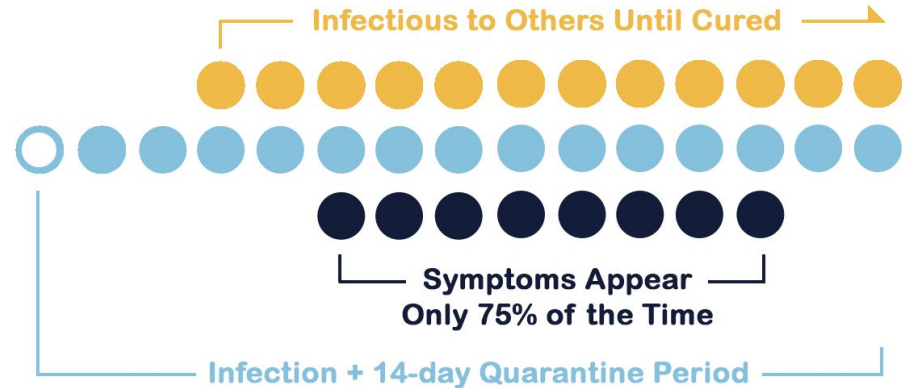

# The Importance of Weekly Testing

## Limit Asymptomatic Transmission

The infected individual is contagious three days after the moment of infection, but it may take up to 12 days to show any symptoms. 25% of infected individuals never show any symptoms.

It only takes only one contagious person for you to lose containment at your workplace. This can happen anytime and anywhere.

More information can be found here:

# Employee App

[WATCH A DEMO](#)

## Easy-to-Use App Increases Compliance

- Kyla educates the employee on COVID-19 Safety in the workplace
- Employee chats with Kyla daily to report symptoms
- If symptoms or vitals are abnormal, employee is connected to a doctor
- If possible COVID, doctor refers employee for testing
- If COVID positive, Kyla does contact tracing
- Doctor and Kyla manage employee's health until employee is cleared to return to work
- Kyla chats with employee weekly to collect information about employees possible exposure to COVID outside of the workplace
- Kyla works with the employee to improve employee's overall health and boost employees immune system

# Mobile Testing Clinic Fleet

## Come to you, Come to Us, Mix it Up

- Mobile Testing Fleet is available in the greater Bay Area, Sacramento, Los Angeles, San Diego. Pre-enrolling other areas
- We will come to your place of work to test eligible employees weekly
- Nurse sets up a drive-thru right in your parking lot
- Nurse scans employees phone and takes a swab sample. Employee is notified of results in the app
- Total face-to-face time with nurse is around 30 seconds

- = Kyla App + Come-to-You Testing
- = Kyla App + Testing Referral

# Inspire Confidence

## Show Your Commitment to Safety:

- Your employees, business partners, customers and the general public all appreciate that you are taking COVID seriously
- Website badges and storefront stickers available
- Kyla Passport allows each employee to show their current COVID status and last test date. Feature is useful for businesses where employees travel or need to access restricted areas.

# Manage Liability

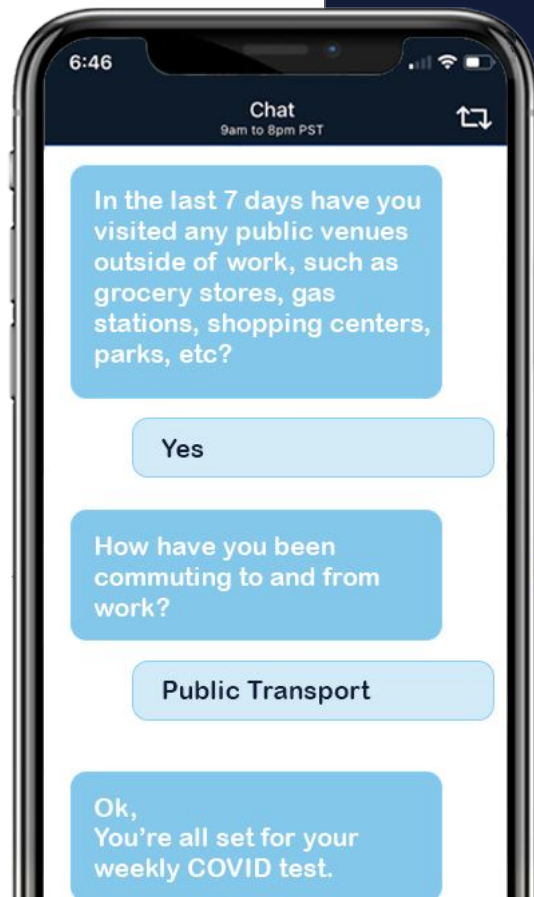

## Use Data to refute workplace COVID presumptions:

- COVID workplace safety education Logs
- Symptom and Vitals Logs
- Weekly Test Result Logs
- Contact Tracing Logs
- Employees' responses regarding activities outside of workplace logs

## Protocols and Resources:

- Building Preparation Protocol
- Workforce Preparation Protocol
- Access Control & Social Distancing Protocol
- Cleanliness Protocol
- Communication Protocol
- COVID Positive Protocols
- Recommended Legal & HR Experts
