

DIGITAL TECHNOLOGY

Optimizing Technology Together

Innovative technology paired with deep industry expertise makes BenefitMall the right General Agency for your business. Let us show you how our technology can help serve you and your clients – from management of your BenefitMall book of business to quoting and online enrollment.

AGENCY WORKSPACE

Every aspect of your BenefitMall business in one single, secured space. Run the entire quote to enrollment process, access carrier information, track commissions, and rewards.

CLIENT READY QUOTE SYSTEM (CRQS)

Our industry-leading, proprietary quoting application produces multi-carrier quotes, streamlined proposals, and provides an offline plan analyzer which frees up your valuable time.

ONLINE ENROLLMENT

Syncing with CRQS, this end-to-end, secure digital solution from census to quoting through enrollment provides a digital enrollment you and your clients can access anywhere – even from a mobile phone.

NEXT GENERATION BROKER SERVICES

Our next generation technology wrapped in best-in-class services offers the expertise you can count on for seamless quoting to enrollment. Efficient, secure, digital benefits solutions.
