

In recent weeks, we have experienced valued clients having to make difficult business decisions in response to the economic slowdown created by COVID-19. If you find that any of your clients are in the unfortunate position of offboarding employees, I'm here to offer options for maintaining their vision care.

If an employee is eligible for COBRA, they can elect to continue their vision coverage through that program. The cost for this program varies for each individual.

For those employees who do not elect COBRA coverage, VSP's **Vision Savings Pass** offers significant discounts on eye care and eyewear, through VSP network doctors and Visionworks® locations nationwide. This non-insurance discount program provides guaranteed pricing and discounts and is effective through December 31, 2020. There is no cost for terming employees to enroll.

VSP Individual Vision Plans are full-service plans that include eye care and eyewear at low monthly rates for former group members. In addition to care from VSP's network of independent doctors, Individual Vision Plans also provide access to retail options including Visionworks locations, and Eyeconic®, VSP's "always open" online store. Members pay a low monthly premium, which varies by state, starting at \$13 per month.

Our budget-friendly programs for meeting the vision care needs of offboarding employees and their dependents are accessed through an easy [self-enrollment portal](#). To help with exit interviews, we've created an flyer for the [VSP Vision Savings Pass](#), [VSP Individual Vision Plans](#), and an [email you can share](#) with offboarding employees that describe their choices. I hope these tools can make these conversations a little easier for your clients.

We truly believe that everyone deserves to see their world clearly, during the best of times, and the most challenging of times. We care about your clients and their employees' eye health—whether they are able continue with employer-sponsored benefits or not. I'm here to help.

Sincerely,

VSP Vision Care Team
